

PRODUCT DESCRIPTION

Acts as a long-life Corrosion Shield. Simply spray onto surfaces to form an ultra-low friction protective nano barrier. Formulated with the latest Clear Carbon Nano and polymer technology. Blended with premium anti-wear, anti-corrosion, and moisture displacing additives. MarineX™ Corrosion Shield spray lubricant is superior in higher load carrying capabilities, extended extreme pressure properties, high film strength and outstanding residual lubrication. With excellent lubricating, penetrating and moisture displacing action. Ideal for use on all fishing, boating, trailers and engine applications.

FOR USE ON

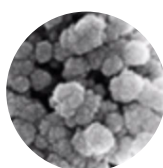

- Rods and reels
- Fishing tackle and dive gear
- Boats and trailers
- Jet ski defogger
- All Marine engines
- Cars, trucks, and motorcycles
- Automotive equipment
- Electrical components
- Farming equipment
- Aviation Equipment
- Remote control hobby equipment
- Tools
- Pneumatic equipment
- Threads, tapping and drilling.
- All nut & bolt removals

NANO GUARD® MARINE X™ FORTIFIED FORMULA BENEFITS

- ✓ Significant wear protection
- ✓ Ultra-Low friction and very durable
- ✓ Excellent corrosion protection
- ✓ Contains no waxes or silicones
- ✓ Safe for use with seals & O-rings, plastics & dressed timbers
- ✓ Highly water & salt repellent hydrophobic

SPECIFICATIONS

400G | 14 FL OZ | 570 ML
PART NO. MAR003X

Actual carbon nano particles - 10NM
